

CS 490/491L Status #4, March 19th, 2023

Instructions: *Each team member should enter their activities performed for the capstone project in the last two weeks, as well as their expected activities for the next two weeks, along with anything holding them up on completing their activities. These should be discussed by the team and their advisor(s) during the weekly/biweekly meetings, and the advisor(s) should sign and date the sheet indicating a correct assessment of the team's progress. Students need to upload a signed and scanned version to Canvas. Progress reports uploaded to Canvas without a signature and score for progress will receive a 0 for progress.*

Team/Project Name: _____ The Underbots/RentO _____

Team Member #1: _____ Cristian Ramirez _____

What I did since last progress report:

Adding our files to a Node.js application for easier way to deal with a dynamic website. Html files are meant for static websites, while ejs and php are more frequent with dynamic websites. Database and website (with domain name) is up and running. Converting html files to ejs and making sure users are able to access the website with no issue.

Anything holding me up on my last progress report's expected activities:

Was focusing on midterm for my Numerical Analysis class.

What I plan to do before the next progress report:

Finish this week and begin proper testing.

Team Member #2: _____Vince Fearing_____

What I did since last progress report:

Helping transfer our website files into the node application.

Anything holding me up on my last progress report's expected activities:

Still recovering from the medical situation, it comes and goes at different times.

What I plan to do before the next progress report:

Finish final parts of coding this week and begin proper testing.

Team Member #3: _____Mohammed Al Moosawi_____

What I did since last progress report:

Assisting moving files around and making sure the files are in their appropriate directory, ejs(html) is in views, css and scripts are in the public directory, etc.

Anything holding me up on my last progress report's expected activities:

Currently none, at the moment.

What I plan to do before the next progress report:

Finish final parts of coding this week and begin proper testing.

Team Member #4: _____ Ravindu Gunasinghe _____

What I did since last progress report:

Working on the Node.js application and verifying it has the proper settings to ensure the website is running with no issue.

Anything holding me up on my last progress report's expected activities:

None

What I plan to do before the next progress report:

Finish final parts of coding this week and begin proper testing.

Team Member #5: _____ Talha Harooni _____

What I did since last progress report:

Making sure each file's link to other files are working properly.

Anything holding me up on my last progress report's expected activities:

None at the moment.

What I plan to do before the next progress report:

Finish final parts of coding this week and begin proper testing.

Team Member #6: _____ Aaron Christian Navarro _____

What I did since the last progress report:

Verify that the pages are accessible in the website.

Anything holding me up on my last progress report's expected activities:

None at the moment.

What I plan to do before the next progress report:

Finish final parts of coding this week and begin proper testing.

Team Lead's signature of approval of progress report:

X Cristian Ramirez
Date: 3/19/2023
