

CS 490/491L Progress Template.

Instructions: Each team member should enter their activities performed for the capstone project in the last two weeks, as well as their expected activities for the next two weeks, along with anything holding them up on completing their activities. These should be discussed by the team and their advisor(s) during the weekly/biweekly meetings, and the advisor(s) should sign and date the sheet indicating a correct assessment of the team's progress. Students need to upload a signed and scanned version to Canvas. Progress reports uploaded to Canvas without a signature and score for progress will receive a 0 for progress.

200 words minimum per team member required for credit across the three questions.

Team/Project Name: _____ The Underbots / RentO _____

Team Member #1: _____ Cristian Ramirez _____

What I did since last progress report:

I created the presentation for our senior project proposal, filled in the appropriate slides with the details and had the members that were going to talk about the slide make any changes. Set up a voting poll to see which name would be appropriate. Discuss with my team regarding what we needed to do for the two weeks.

Anything holding me up on my last progress report's expected activities:

None now since it is early in the semester. But the one thing that held back from our expectations was talking about the roles each member would be.

What I plan to do before the next progress report:

Discuss with my team the initial plan to setup our software planning and make sure we fill our SPMP with whatever files we gathered.

Team Member #2: _____ Mohammed Al Moosawi _____

What I did since last progress report:

Researching databases:

- Mango DB search for our search engine
- Reminder CRON

Anything holding me up on my last progress report's expected activities:

I did not have any troubles, but I should have started doing something.

What I plan to do before the next progress report:

I want to learn React and NodeJS by next week.

Team Member #3: _____Vincent Fearing_____

What I did since last progress report:

Helped Pick a name and refined the idea for our project.

Anything holding me up on my last progress report's expected activities:

No issues.

What I plan to do before the next progress report:

Dive deeper into the technologies that are going to be required to implement the project and work on getting our SDF up and running on GitHub.

Team Member #4: _____Ravindu Gunasinghe_____

What I did since last progress report:

Set up GitHub, coming up with project idea and working on the presentation.

Anything holding me up on my last progress report's expected activities:

No current obstacles.

What I plan to do before the next progress report:

Finish learning react and node.js and create a complete UML for the project.

Team Member #5: _____ Talha Harooni _____

What I did since last progress report:

Deciding and voting a name for our project that will properly represent our work.

Anything holding me up on my last progress report's expected activities:

No challenges yet.

What I plan to do before the next progress report:

Focus on mastering the languages we will work with before starting to actually code.

Team Member #6: _____ Aaron Christian Navarro _____

What I did since last progress report:

Brushed up on GitHub and Java/JavaScript.

Anything holding me up on my last progress report's expected activities:
