Finish creating the presentation, as well as adding more webpages to our website. Also finished working on the Software Testing Plan and the remaining deliverables for the semester.

Anything holding me up on my last progress report's expected activities:

Took longer than usual because of the hectic week of finals and trying to turn in assignments all at once, not to mention the holidays has picked up, meaning working longer hours.

What I plan to do before the next progress report:

As of now to take a small break during the winter and then begin working the project, with database being the focus.

 Leader's note: With the unfortunate situation Vince has been dealing with in the last few weeks, he hasn't been able to participate as he was resting to recover 100%. While he tried to work on something, I told him that it would be better for him to rest and gather his strength.
